

# PRESS RELEASE

**BIMDC has officially launched its website.**

**Nevers, December 24, 2024**

BIMDC comprises an international team and an office located in Nevers, Burgundy, France, employing approximately ten individuals under the leadership of President Yassine Yahiaoui. In December 2024, BIMDC will unveil its website: [www.bimdc.fr](http://www.bimdc.fr). This digital platform enables communication with both French and English-speaking visitors. It marks a first for the Nivernaise company, which aimed to create an interface that is modern, clear, and interactive, featuring options for conversation via WhatsApp and scheduling presentation appointments through videoconference.

## About BIMDC

BIMDC, established in 2022 by Yassine Yahiaoui, is a design firm that specializes in project management. The firm leverages its expertise to assist partners with various project management initiatives related to building structures, electrical systems, heating, ventilation, air conditioning, and fire safety. BIMDC's offerings encompass study and design, consulting, and support services. The firm collaborates with numerous partners globally, including architects, clients, and private enterprises.
